CALTRANS APPOINTS PLANNING DEPUTY

REDDING – The California Department of Transportation (Caltrans) District 2 is pleased to announce the appointment of Dave Moore to the position of Deputy District Director for Planning and Local Assistance. In his new position, Moore is responsible for a staff of 40 employees. He began his position in August.

The Division of Transportation Planning articulates a long-term vision for California's transportation system and implements statewide transportation policy through partnership with State, regional, and local agencies. The Division provides quality planning products, services, and information to support and guide transportation investment decisions.

Moore started his career with Caltrans in 1992 after graduating from the University of California, Davis with a degree in Civil Engineering. His most recent position was Office Chief in Advance Planning for the past six years and prior to that, he was a Project Manager. During his tenure with Caltrans, he has also worked in Design, Construction and Engineering Services, all with District 2 or the North Region in Redding.

In addition to his college education, Moore earned a Project Management Master's Certificate from The George Washington University while working in Project Management. He was raised in Plumas County and is very familiar with the rural aspects of the District. He, his wife Shellisa, and two children live in Redding.
